Statement of Costs and Multi-Factor Authentication (MFA)

September 25, 2024

Costs

CareDiscovery® Electronic Quality Measures 3.5 is an ONC-ACB certified EHR module (**CHPL Product Number: 15.04.04.3001.Care.03.05.0.240925**) for Eligible Hospitals (EH). It is currently certified to the eCQMs and Hybrid Measures available for EHs for Centers for Medicare and Medicaid Services (CMS) Reporting.

The statement of costs for our certified product(s) is as follows -

This certified product-version requires no additional costs to clients beyond the annual license fee and the optional annual hybrid measures submission fee, valid for the term of the contract and includes the use of the solution and ongoing support services. Changes made following implementation, including changes in the number of measures being reported (beyond the agreed upon number), the number of users (beyond the agreed upon number), or change in clients EMR may incur additional fees.

We agree to notify Drummond Group of any and all future changes to our transparency and disclosures language for this certified product-version.

We understand and agree that the ONC Health IT Certification Program Final Rule statement gives Drummond Group, as an ONC-ACB, the sole responsibility for ensuring compliance and determining appropriate consequences if EHR technology developers fail to divulge accurate transparency and disclosures information.

The updated disclosure statement can be found on our website at the following link -
https://www.virtusa.com/solutions/clinical-quality-measures-reporting/carediscovery-electronic-quality-measures-cdeqm

We understand and agree that we will provide to Drummond Group copies of or give access to any and all websites, marketing materials, communication statements, and other assertions made by your organization regarding the ONC certification status of this product in a reasonable time to ensure the transparency and disclosures information is being accurately disclosed.

CareDiscovery Electronic Quality Measures Multi-Factor Authentication
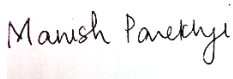

CareDiscovery® Electronic Quality Measures 3.5 is an ONC-ACB certified EHR module for Eligible Hospitals (EH). It is currently certified to the eCQMs and Hybrid Measures available for EHs for Centers for Medicare and Medicaid Services (CMS) Reporting.

Product login requires multi-factor authentication using a One-Time Passcode.

1. **One-Time Passcode**: Users have to enter their unique username, followed by a password, and then a one-time passcode sent either to their email address or mobile phone based on the selection made by the user.

Please let me know if you have any questions.
Sincerely,

Manish Parekhji
Product Manager
